

Canadian Guide Dogs for the Blind

November 18, 2003

For 19 years, CGDB has enjoyed its association with the “Royal” and its members through this tournament, and through the added support of Club members in our other endeavours. We, and the constituents we serve, have been most fortunate to have had this association. It may interest you to know that this tournament has raised almost \$500,000 over the years, which has been an enormous help to CGDB in the work that it does.

Please extend my personal thank you to your Board for its support and its consideration of our application for continuing sponsorship by the Club. Please also extend our best wishes for success to the 2004 tournament organizing committee.

Yours sincerely,

Gail S. Nicholls
Board Chair
